# THE BEST APPS TO USE FOR SOCIAL CONNECTION DURING COVID-19

01

**House Party** - A fun, free, and easy to use app for phone, laptop or tablet: allows you to video chat with friends, play games, and increase your social connection. Learn more at <https://houseparty.com/>

02

**Zoom** - Can be used for work or play. Zoom is easy to use on all devices, free for up to 45 minutes for parties of 3+. Chat for an unlimited amount of time for parties of 2; Zoom premium gives you unlimited time for larger groups, but there is a cost. Learn more and download Zoom at [www.zoom.us](http://www.zoom.us)

03

**Google Hangouts** - Similar to Zoom, Google Hangouts is free, user friendly, and can be used for work or play. All you need is your Gmail account. Learn more at <https://hangouts.google.com/>

04

**Jackbox Games** - Fun for free! Play a variety of games with family and friends from your smartphone. Also requires a laptop. Learn more and set up your next game at <https://jackboxgames.com/> (some game packs cost extra)

05

**TikTok** - If you don't know what TikTok is, just Google it. The hashtag #safehands already has over 31 billion views – Use this as a different way in which to pass the time while you are washing your hands properly. Learn more at <https://www.tiktok.com/en/>

# THE BEST APPS TO USE FOR MENTAL WELLNESS DURING COVID-19

01

# COVID-19: TIPS FOR MANAGING YOUR MENTAL HEALTH

- 01** Anxiety is normal - remember to keep things in perspective
- 02** Practice self-care more often now than usual
- 03** Manage your news consumption. Seek information from trusted sources and try to limit your exposure
- 04** Focus on things in your life that you can control.

# COVID-19: TIPS FOR SUPPORTING A LOVED ONE

- 01 Keep lines of communication open and talk regularly - through video chat, phone calls, messaging apps or text messages.
- 02 Be a good listener.
- 03 With permission, provide factual information without getting into an argument. Ask what they make of the information you shared.
- 04 Ask about their general health, food they may need, tasks that need to be done, and other ways you might be able to help them.
- 05 Help them stay distracted with work, hobbies, music, movies and other activities.
- 06 Help them structure the day and encourage them to limit the amount of news they consume.
- 07 If they have a pre-existing mental illness, make sure they have access to their medications and that their condition is not getting worse.
- 08 Connect them to their health care provider or any reliable and validated online support service (e.g. Big White Wall in Ontario).
